## OBJECTIVE

Seeking a design-focused position or internship where I can apply my skills in **UI/UX design, responsive web development, and motion graphics** in a professional and creative environment, while continuing to grow as an interactive media designer.

## TECHNICAL SKILLS

### Design & Motion Graphics

- UI/UX Design Principles
- Wireframing & Prototyping
- Motion Graphics & Text Animation
- Video & Audio Editing
- Logo & Brand Identity Design
- Infographic & Promotional Video Design

### Web & Development

- HTML, CSS, JavaScript
- Responsive Web Design
- Flexbox & CSS Grid
- GSAP Animation
- Accessibility-aware layouts (AODA basics)

## TECHNICAL KNOWLEDGE

- Strong understanding of visual hierarchy, typography, and layout
- Ability to design fixed-size and responsive interfaces
- Experience creating motion graphics for **digital signage** and **advertising**
- Familiar with user-centered design and usability principles
- Ability to translate design concepts into functional web layouts
- Comfortable working with feedback and iterative design processes
- Experience organizing assets and maintaining clean project structures

## PROJECT EXPERIENCE

**Wild Peak – Brand Identity Design** (Illustrator, Photoshop, Figma)

- Designed complete brand identity including logo, color palette, typography, and visual guidelines
- Created brand-consistent digital assets for marketing and web use

### **Family of Eateries – Mobile App Design (Figma)**

- Designed a multi-restaurant mobile app interface
- Created wireframes and interactive prototypes focusing on usability and navigation

### **Responsive Website Projects (HTML, CSS, Flexbox, CSS grid)**

- Developed fully responsive websites optimized for mobile, tablet, and desktop
- Applied accessibility and modern web design principles

### **Product Demo & Infographic Videos (After Effects, Premiere Pro, Illustrator)**

- Created motion graphics, text animations, and infographic videos
- Edited videos with audio synchronization and visual storytelling

### **360° Product Interactive App (After Effects, Photoshop, JavaScript, Gasp)**

- Designed and animated an interactive 360° product experience
- Integrated motion graphics with basic JavaScript logic

## **EDUCATION**

### **Diploma in Interactive Media Design**

Durham College, Oshawa, ON

2024 – Present

## **TOOLS USED**

- **Design:** Figma, Adobe Illustrator, Adobe Photoshop, Canva
- **Motion & Video:** Adobe After Effects, Adobe Premiere Pro, GSAP
- **Web:** Html/CSS/JavaScript
